Asynchronous Spark Course

Course Site: <https://akgrad.sparkeducation.com/>

Course Description: In this course you will learn more about yourself and others including how to break a habit and how to cope with stress. The purpose of this course is to introduce you to the psychological facts, principles, and phenomena associated with each of the subfields within psychology.

Course Organization: The course is divided into twenty-five lessons contained in six units. Lessons are mostly text with some links to outside resources. Lessons are followed by an assignment. At the end of selected units is a quiz covering all the material from that unit.

Materials Required:

- Computer or tablet with Internet access

Academic Dishonesty: With most correspondence courses as well as AKGrad & YKSD, honesty of parents and students is essential. If an AK Grad teacher confirms that a student has plagiarized work or used AI, the student will receive a 0 and be subject to consequences determined by their school of record.

Grading: In this course you will be graded on quizzes, assignments, and two post-assessments.

- **Quizzes:** There are 5 quizzes. Quizzes are mostly computer scored and you can see your incorrect answers immediately so you can retake if necessary. The question format is largely multiple choice but may also include fill-in-the-blank, matching, or short answer. It is also permissible to use notes, study materials, and books on the quizzes. You have 2 tries to take each quiz and additional attempts can be given upon request.
- **Assignments:** There are 24 assignments. Assignments are teacher graded and require you to create a document or media to demonstrate your understanding of the material. Writing assignments vary in length but most require one paragraph to one page responses. Assignments are scored on how well you backup your answers with evidence from the course material and your investigations.

- **Post-Assessments:** Post-assessments are cumulative. There is a post-assessment at the end of each quarter. The question format is largely multiple choice but may also include fill-in-the-blank, matching, or short answer.

The following grading scale will be used for determining your final grade. After completing the course with a "D-" or better you will receive one Carnegie credit from the Yukon Koyukuk School District.
